- b. **Review and Consideration of the Final Draft of the GPAC/GPUSC General Plan Update (Attachment 2)**

At the special joint meeting of the GPAC/GPUSC on December 3, 2025, City staff received guidance from the Committees regarding making responsive changes to the draft Elements based on input received from the City's Boards, Commissions, and Committees and from community members. Since that time, City staff has worked with Dudek to make the changes, as directed, and is proud to present the final version of the GPAC/GPUSC Draft General Plan for review and consideration. Please reference Attachment 2 for more context and information.

Recommended GPAC/GPUSC Actions:

(2) Conduct a vote to consider supporting the draft moving forward, with or without changes, for further review and refinement by the City's Boards, Commissions, and Committees, and ultimately the City Council.

At the special joint meeting of the GPAC/GPUSC on December 3, 2025, City staff presented the initial draft of the Implementation Programs, as well as the new "Crosswalk Tool" to help provide better direction on how goals and policies will be implemented, who should be leading the implementation, and when the implementation should occur. The GPAC/GPUSC provided support that the documents were heading in the right direction. City staff has worked with Dudek to make further refinements to these documents, which will be shared with the Committees for additional input and guidance.

Recommended GPAC/GPUSC Actions:

(1) Review the updated draft Implementation Programs and Crosswalk Tool; and

(2) Conduct a vote to consider supporting the draft moving forward, with or without changes, for further review and refinement by the City's Boards, Commissions, and Committees, and ultimately the City Council.
