It has occurred to me in this divisive and strange time that it is very easy to be enraged or encouraged depending on what you take in. However, what people fail to see are opportunities of agency to affect positive change as opposed to merely being sidelined as things happen. As someone who has lived in this great city for thirty nine years and worked for it previously for twenty, I see this position as a great opportunity to enhance and improve upon the quality of life we are striving for while preserving these integral parts that make up Newport Beach. I have been fortunate to view the history of our city as an employee, a resident, and someone charged with protecting our visitors. Newport Beach is an incredible place to live and I believe I can help protect and preserve it.

I certify that all statements made on this application are true and correct to the best of my knowledge. I have read and understand the duties and responsibilities of the particular position(s) that I am applying for and authorize the release of this information on the internet.
