Dear Planning Commissioners,

I am writing to express my strong support of the Five Crown's request for a Limited-Term Permit to continue operating their expanded outdoor dining patio. I will do my best to try and attend the meeting, but if not, I wanted to ensure my voice was heard.

As a longtime Newport Beach resident and frequent patron of Five Crowns, I have seen firsthand the positive impact this restaurant has had on our community.

Five Crowns has been a beloved staple in the area for decades, offering a warm, welcoming environment and exceptional dining experiences to generations of families in our city. The outdoor patio, which has been in use since the pandemic, has enhanced the overall dining experience and allowed the restaurant to thrive, especially in these challenging times. As a regular guest, I truly appreciate the charm and atmosphere of the patio, and I believe it has become an important part of the restaurant's identity.

I fully support the restaurant's request to continue operating this space. The City of Newport Beach has conducted thorough reviews, including sound studies, and confirmed that Five Crowns will adhere to the necessary sound mitigation measures.

I also want to highlight the strong community support for this project. The owners have engaged with local residents, and the feedback has been overwhelmingly positive. As a neighbor, I can confidently say that the restaurant has a longstanding reputation for being a responsible and valuable part of our community.

For these reasons, I strongly encourage the Planning Commission to approve the Limited-Term Permit and Coastal Development Permit for Five Crowns. This decision will help preserve a treasured local business and continue to support our vibrant community.

Respectfully,

Beth Adkisson
