Summarize why you wish to serve the City of Newport Beach on a board, commission or committee. Include any special qualifications you have which are particularly appropriate to the position for which you are applying.

My positive involvement in developing and presenting seawall information to assist the Council and Tidelands Committee in reaching a well-received decision re-affirmed the benefits of collaboration in city administration. Through that process I met countless residents who were impacted by the decision, and I had the privilege to know and work with members of the Council, City Engineers, Tidelands Committee members and many others. Since then, I have been encouraged to become more involved in City service, and I believe I could assist in a friendly and productive manner. My work as a law professor, trial lawyer, and president of an affiliated bar association brings me daily renewed enthusiasm about the benefits of working together. In my work as a lawyer, I have represented judges in matters involving our Board of Supervisors, as well as work in many delicate litigation and negotiation legal cases. Community service has been a calling in many bar and law school functions, as well as in my role as a Fellow and overseeing Regent of the American College of Trial Lawyers. I hope to bring an organized, intelligent and collaborative perspective to future service.
