

## NOTICE

### BALBOA YACHT BASIN INFORMATIONAL MEETING

#### **Project Updates: Dredging and Marina Reconstruction**

The Harbor Commission of the City of Newport Beach will be updated on two marina-focused projects at the Balboa Yacht Basin. The Harbor Commission will not be taking any formal action or making decisions regarding the projects.

**Maintenance Dredging:** Anticipated to commence late summer 2025. Dredging will mainly occur within the fairways and potentially in some slips, if accessible.

**Marina Replacement:** Anticipated to commence approximately 2027. Conceptual plans are complete and will be reviewed with the Harbor Commission. Overall marina layout will remain substantially the same as the existing layout.

**Note: The land-based property redevelopment project will not be discussed at this meeting.**

You are invited to attend the meeting to learn more about the two marina-focused projects.
