INTENTIONALLY BLANK PAGE

Hello,

Thank you for the opportunity to move forward with rebuilding my porch.

As the city is aware, speeding is a significant concern in the Village of CDM, particularly on 4th Street. This new porch will provide a critical safety buffer by creating a 10-foot space between my front door and 4th Street. As a woman living alone, this addition greatly enhances my sense of security and peace of mind.

Thank you,

Elena Patton
