Dear Chairman Ellmore and Members of the Commission,

I have reviewed the Agenda Item for Sage Hill Middle School. Before I comment on the Application, I would note that Sage Hill's project, if approved, will be but latest example of the significant investment that private interests have made in our community over the past decade - - such as new facilities at Harbor Day School, Newport Harbor Yacht Club, Big Canyon Country Club, Newport Beach Country Club and the VEA and Pendry Hotels just to name a few. Likewise, the City has invested heavily in infrastructure as well (e.g., libraries, fire stations and parks). All of those investments make Newport Beach the great, ever improving, place it is to live, work, educate and play.

As for the Application, what's not to like about this project? It is a high quality design expanding a most desirable existing school use in a location that is barely in town and impacts no one.
