 - C. Primary and Non Contributory. Contractor's insurance coverage shall be primary insurance and/or the primary source of recovery with respect to City, its City Council, boards and commissions, officers, agents, volunteers, employees, and the State of California, its officers, agents, employees and servants as additional insureds, but only with respect to work performed under the agreement. Any insurance or self-insurance maintained by City or State of California shall be excess of Contractor's insurance and shall not contribute with it.
 - D. Notice of Cancellation. All policies shall provide City with thirty (30) calendar days' notice of cancellation or nonrenewal of coverage (except for nonpayment for which ten (10) calendar days' notice is required) for each required coverage except Builders Risk Insurance, which shall contain an endorsement with said required notices.
 - E. Subcontractors. Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, where applicable, in an amount not less than two million dollars (\$2,000,000) arising from their work on the project.
5. Additional Agreements Between the Parties. The parties hereby agree to the following:
- A. Evidence of Insurance. Contractor shall provide certificates of insurance to City as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation and other endorsements as specified herein for each coverage. All of the executed documents referenced in this Contract must be returned to City within ten (10) regular City business days after the date on the "Notification of Award". Insurance certificates and endorsements must be approved by City's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with City at all times during the term of this Contract. The certificates and endorsements for each insurance policy shall be signed by a person

authorized by that insurer to bind coverage on its behalf. At least fifteen (15) days prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced, Contractor shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies. City reserves the right to require complete, certified copies of all required insurance policies, at any time.

- B. City's Right to Revise Requirements. The City reserves the right at any time during the term of the Contract to change the amounts and types of insurance required by giving Contractor ninety (90) calendar days' advance written notice of such change. If such change results in substantial additional cost to Contractor, City and Contractor may renegotiate Contractor's compensation.
- C. Right to Review Subcontracts. Contractor agrees that upon request, all agreements with subcontractors or others with whom Contractor enters into contracts with on behalf of City will be submitted to City for review. Failure of City to request copies of such agreements will not impose any liability on City, or its employees. Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated in Section Four, including required coverage types, limits, endorsements, and notice provisions. Contractor shall ensure that City is an additional insured on insurance required from subcontractors. For CGL coverage, subcontractors shall provide coverage with a format at least as broad as CG 20 38 04 13.
- D. Enforcement of Contract Provisions. Contractor acknowledges and agrees that any actual or alleged failure on the part of City to inform Contractor of non-compliance with any requirement imposes no additional obligations on City nor does it waive any rights hereunder.
- E. Requirements not Limiting. Requirements of specific coverage features or limits contained in this Exhibit A are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Contractor maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for higher limits maintained by the Contractor. Any available proceeds in excess of specified minimum limits of insurance and coverage shall be available to the City.
- F. Self-Insured Retentions. Contractor agrees not to self-insure or to use

any self-insured retentions on any portion of the insurance required herein and further agrees that it will not allow any indemnifying party to self-insure its obligations to City. If Contractor's existing coverage includes a self-insured retention, the self-insured retention must be declared to City. City may review options with Contractor, which may include reduction or elimination of the self-insured retention, substitution of other coverage, or other solutions. Contractor agrees to be responsible for payment of any deductibles on their policies.

- G. City Remedies for Non Compliance. If Contractor or any subcontractor fails to provide and maintain insurance as required herein, then City shall have the right but not the obligation, to purchase such insurance, to terminate this Contract, or to suspend Contractor's right to proceed until proper evidence of insurance is provided. Any amounts paid by City shall, at City's sole option, be deducted from amounts payable to Contractor or reimbursed by Contractor upon demand.
- H. Timely Notice of Claims. Contractor shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Contractor's performance under this Contract, and that involve or may involve coverage under any of the required liability policies. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.
- I. Coverage not Limited. All insurance coverage and limits provided by Contractor and available or applicable to this Contract are intended to apply to the full extent of the policies. Nothing contained in this Contract or any other agreement relating to City or its operations limits the application of such insurance coverage.
- J. Coverage Renewal. Contractor will renew the coverage required here annually as long as Contractor continues to provide any Work under this or any other Contract or agreement with City. Contractor shall provide proof that policies of insurance required herein expiring during the term of this Contract have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Contractor's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to City with five (5) calendar days of the expiration of the coverages.

SURRENDERED AND ABANDONED VESSEL EXCHANGE (SAVE) GRANT PROGRAM

1. PURPOSE OF THE PROGRAM:

a. Pursuant to its authority under Harbors and Navigation Code (HNC) section 525(1)(a), the Division of Boating and Waterways (DBW) wishes to contract with Grantee for the removal and disposal of:

(1) Abandoned property as described in HNC 522 (below) within Grantee's jurisdiction as listed in Exhibit A.

HNC Section 522: "Any hulk, derelict, wreck, or parts of any ship, vessel, or other watercraft sunk, beached, or allowed to remain in an unseaworthy or dilapidated condition upon publicly owned submerged lands, salt marsh, or tidelands within the corporate limits of any municipal corporation or other public corporation or entity having jurisdiction or control over those lands, without its consent expressed by resolution of its legislative body, for a period longer than 30 days without a watchman or other person being maintained upon or near and in charge of the property, is abandoned property."

(2) Surrendered vessels as defined in HNC 526.1

HNC Section 526.1: "surrendered vessel" means a recreational vessel that the verified titleholder has willingly surrendered to a willing public agency under both of the following conditions:

(a) The public agency has determined, in its sole discretion, that the vessel is in danger of being abandoned, and therefore has a likelihood of causing environmental degradation or becoming a hazard to navigation.

(b) The decision to accept a vessel is based solely on the potential of the vessel to likely be abandoned and cause environmental degradation or become a hazard to navigation."

(3) Wrecked or dismantled vessels, or parts thereof, or any other partially submerged object that pose a substantial hazard to navigation, from navigable waterways or adjacent public property, or private property with the landowner's consent.

b. The funds provided under this Agreement **shall not** be utilized for surrender, abatement, removal, storage, or disposal of commercial vessels. Commercial vessels include those vessels for which the most recent registration or documentation was commercial, even though that registration or documentation may have lapsed.

c. If Grantee is reimbursed for the costs related to the surrender, abatement, removal, storage, and/or disposal of an eligible water hazard by the registered or legal owner or other person or entity known to have an interest in the water hazard, then the water hazard shall no longer be eligible for funding under this Agreement. Grantee shall notify DBW in writing of such reimbursement and shall return all funds disbursed by DBW to Grantee with respect to such water hazard immediately.

d. Vessels listed in Exhibit F Application/Scope of Work are considered solely a demonstration of the agency's need for funding, not an approval that the individual

vessels are eligible for SAVE funding.

2. **RIGHT OF INSPECTION**

Grantee shall allow DBW and other state agency representatives, at any reasonable time, to inspect any site where Grantee or its subcontractors are performing work under this Agreement.

3. **ANNUAL MEETING**

Grantee shall be responsible for the proper and lawful handling, abatement, removal, storage, and/or disposal of any hazardous substances encountered in the execution of this Agreement.

6. **TITLES AND LIENS**

a. **Abandoned vessels:** Grantee shall comply with all relevant provisions of the Harbors and Navigation Code regarding notices, hearings and liens in the performance of this Agreement. Grantee (in conjunction with local law enforcement) shall conduct a title search for all vessels presumed to be abandoned, as provided by Harbors and Navigation Code section 526.

In connection with the foregoing license, the Grantee agrees not to use, reproduce, adapt, or display the Photographs, or allow others to do so, in a manner that tends to subject DBW or its Abandoned Watercraft Abatement Fund Grants (AWAF), Vessel Turn In Program (VTIP) and/or Surrendered and Abandoned Vessel Exchange (SAVE) programs to ridicule, disparagement, mockery, satire, or that could tarnish the image of the DBW's AWAF, VTIP, and/or SAVE programs. Grantee hereby releases and discharges DBW from any and all claims and demands arising out of or in connection with the use of the Photographs, including without limitations, any and all claims for libel, defamation, invasion of privacy, and/or publicity rights. Grantee understands and agrees that the Photographs may be used in whole or in part, at any time. The license granted herein to DBW includes the right and permission to conduct or have conducted such alterations to the Photographs as DBW deems necessary. Grantee releases and discharges DBW and agrees to indemnify and hold DBW harmless from any liability by virtue of any blurring, distortion, alteration, optical illusion or use in composite form, loss or damage, whether intentional or otherwise, that may occur in the use of the Photographs. Grantee waives any right to inspect or approve any finished product, advertising or other copy that may be used in connection therewith or the use to which it may be applied.

Grantee declares and avows that the Photographs it is submitting to DBW are its own original work in all respects. Grantee is the sole and exclusive owner of the Photographs; they are free, clear, and unencumbered. No part of them is taken from or based on any other work; no part infringes the copyright or any other right of any person; and the reproduction, publication, exhibition, or any other use by DBW of the Photographs in any form whatever will not in any way, directly or indirectly, infringe on the rights of any person. Grantee agrees to indemnify and hold DBW harmless from and against any and all loss, damage, costs, charges, legal fees, recoveries, judgments, amounts paid in settlement, penalties, and expenses that may be obtained against, imposed on, or suffered by DBW by reason of (1) any violation or infringement of any proprietary right or copyright; or (2) any libelous or unlawful matter contained in the Photographs. Grantee also agrees to indemnify and hold DBW harmless for any such amounts arising from its breach of any covenant, representation, or warranty of this agreement.

EXHIBIT E – DARFUR CONTRACTING ACT

If your agency hires a contractor to complete work under this grant, the contractor must fill out and sign the Darfur Contracting Act form prior to execution of the contract. A Sample of The Darfur Contracting Act form is provided on the next page; this form (DGS PD 1) can also be downloaded from the California Department of General Services website.

Effective January 1, 2009, all Invitations for Bids (IFB) or Requests for Proposals (RFP) for goods or services must address the requirements of the Darfur Contracting Act of 2008 (Act). (Public Contract Code sections 10475, et seq.; Stats. 2008, Ch. 272). The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with "scrutinized" companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code section 10475.

A scrutinized company is a company doing business in Sudan as defined in Public Contract Code section 10476. Scrutinized companies are ineligible to, and cannot, bid on or submit a proposal for a contract with a State agency for goods or services. (Public Contract Code section 10477(a)).

Therefore, Public Contract Code section 10478 (a) requires a company that currently has (or within the previous three years has had) business activities or other operations outside of the United States to certify that it is not a "scrutinized" company when it submits a bid or proposal to a State agency. (See # 1 on the sample Attachment).

The following sample Attachment may be included in an IFB or RFP to satisfy the Act's certification requirements of bidders and proposers.

1. **Minimum Qualifications**

1. Does your agency have an enforcement program to address abandoned boats? Yes No

If Yes, describe

Harbor Code Enforcement officers are out on the water daily. Their duties include monitoring Newport Harbor as a whole, including private slips and anchorage areas. Our Harbor Department staff coordinate with the Harbor Code Enforcement officers to identify vessels that may be a potential or existing problem in the harbor. Thorough education and information is provided to vessel owners to promptly bring vessels into compliance or utilize the Vessel Turn In Program (VTIP). Owners may be issued a "Notice of Violation," if they fail to bring vessels into compliance within a specified timeframe. Vessels that are abandoned or have no identifiable owners are processed for the Abandoned AWF. Vessel condition, safety and environmental concerns are taken into consideration when prioritizing enforcement and the use of SAVE funds for destruction. Vessels at risk of sinking or represent other hazardous conditions are placed in priority status for the VTIP program.

2. Attach ordinance, resolution, or municipal code authorizing your agency's involvement and its jurisdiction for prevention and removal of abandoned vessels and accepting surrendered vessels.

7. Did your agency have a plan to increase the number of surrendered vessels accepted over the last calendar year? If so, what was the plan and what were the results? Additionally, what plans does your agency have to increase the number of surrendered vessels you accept this year?

The Newport Beach City Council and Harbor Commission have an active interest in the condition of vessels in Newport Harbor. Staff regularly reports to the City Council and the Harbor Commission on the progress of remediating derelict vessels from the Harbor and those towed for disposal. Our Code Enforcement officers often recommends the VTIP to eligible candidates. In addition, the City has a web page, flyers, social media posts and email campaigned for VTIP outreach. Most program participants contact staff directly, through existing advertising efforts, referrals from previous VTIP participants and the DBW SAVE Grant web page. In the coming year, the City would like to continue setting aside a portion of the SAVE Grant to specifically service VTIP vessels in Orange County and the surrounding counties.

In the 2021-2023 grant cycle, the City processed 26 surrendered vessels and 4 abandoned vessels. In our current 2023-2025 grant cycle, 26 surrendered vessels and 7 abandoned vessels have been processed. We are currently working on 2 additional surrendered vessels and continue to add interested applicants to our waitlist.

Newport Harbor is home to 1,200 moorings, 1,200 residential piers, dry storage and 60 marinas.

There is a a need in Newport Harbor to assist with a deteriorating and aging boating community. Removing problematic vessels clears the mooring fields, marinas and docks, creating more open space for recreation and providing more availability for new boaters to store vessels in Newport Harbor. The City certainly works to remediate issues in Newport Harbor, but accepts vessels from the surrounding cities and counties. City staff understands that the grant funding should assist the boating community in the Southern California region, as a whole.

8. How often does your agency coordinate with local boating groups or marinas to inform them of the surrendered vessel program? Describe activities and identify groups/marinas contacted in the last calendar year. (Answer only if you selected 'Yes' to Q 5.)

The City of Newport Beach has an ongoing waiting list of individuals who have reached out to the City with an interest in turning in their vessel. Neighboring agencies also refer constituents to us who may be qualified for this program. As the City makes its way down the waiting list of eligible vessels for the VTIP program, we send out email camapigns, social media blasts, notifications, and ads to local marina and boating groups to inform them and remind them of the VTIP program. Neighboring agencies frequently refer constituents, as they are aware that we are active in promoting the program and are efficient in the program process.

Below are some of the local boating groups that are notified of the VTIP program:

American Legion Yacht Club
Bahia Corinthian Yacht Club
Balboa Yacht Club
Lido Isle Yacht Club
Newport Beach Yacht Club
Newport Harbor Yacht Club
Newport Beach Yacht Club

9. Does your agency accept surrendered vessels from boaters outside its jurisdiction? Yes No

If so, how many surrendered vessels have you received in the last calendar year? 15

If not, identify why?

10. Describe how your agency monitors abandoned vessel activity in your jurisdiction. Select all that apply.

- Routine patrol of jurisdiction
- Visit marinas/dockwalks
- Direct contact with boat owners
- Check vessel registration
- Check seaworthiness (listing, occupancy, trash, bilge running, operable lights)
- Abandoned vessel mapping and tracking
- Multi-agency coordination
- Utilize NASA data

Number of methods selected to monitor abandoned vessel activity 7

11. Describe additional methodologies, if any, (besides participation in SAVE) your agency uses to prevent abandoned vessels within The City of Newport Beach Harbor Department staff works with the boating community to keep vessels seaworthy and operable. Harbor Department staff conducts patrols of the offshore

its jurisdiction?

mooring field, anchorage, public piers, private docks and marinas, actively inspecting vessel conditions. All vessels that anchor in our anchorages or rent moorings from us are required to pass a dye tab test, implemented by our staff annually. Additionally, mooring permittees must prove operability as a condition to obtain a permit.

All mooring permittees are required to submit proof of vessel insurance and registration. All short-term mooring renters and marina slip tenants are also required to demonstrate proof of insurance and registration.

Staff actively investigates reports of distressed vessels and when issues of concern are discovered, making contact with the owner on record. Annually, mooring live-aboard permittees are required to pass a vessel inspection conducted by our staff annually. The required vessel inspection demonstrates vessel operability and seaworthiness, and that the holding tank is in good working order and free of leaks.

The Newport Beach Harbor Commission has continuously supported staff in the identification and remediation of problem vessels.

Objective 2: Control

12. Describe methodologies, if any, your agency has implemented to control and **prevent abandoned vessels from entering its jurisdiction from other areas.**

The City of Newport Beach's Harbor Department staff works to identify problem vessels during their daily patrols and makes contact with vessel owners. Staff will determine whether the vessel can be brought into compliance and vessel owners are encouraged to work on their vessels.

Other vessels that are inoperable and not seaworthy are solicited for the VTIP program.

The City Harbor Department staff enforces Newport Beach Municipal Code Chapter 17, also known as the Harbor Code.

Since obtaining the SAVE Grant, the number of abandoned vessels have decreased due to this program. Staff encourages owners of derelict and neglected vessels to turn in their vessels, making the process as streamlined as possible for the vessel owners. However, there are instances when vessels are abandoned in the public anchorage, piers and mooring fields in Newport Beach or neighboring jurisdictions.

13. Does your agency collaborate with neighboring SAVE grantees that manage abandoned and surrendered vessels? Yes No

If yes, list agencies and describe collaboration.

In 2024, our department removed 15 surrendered vessels from our neighboring agencies. Vessels that were surrendered to us ranged from Coachella, Burbank to our neighboring cities in Orange County. A number of agencies from Los Angeles County, Riverside County and San Bernardino County have referred applicants to us. One of the main reason that we are able to assist our neighboring agencies is due to the program resources we have established. The City of Newport Beach has active contracts with our vendors that offer comeptitive pricing for vessel towing and destruction. Our program staff have also streamlined the SAVE grant process that effectively guides

our applicants from filling out program forms to getting their vessels removed by our selected vendors.

14. Does your agency have any special circumstances and/or conditions that contribute to abandoned vessels in your jurisdiction? Explain circumstances/conditions.

Newport Harbor is one of the largest small craft recreational harbors on the west coast. We welcome and service transient and local boaters alike. However, over the years, some boaters have found themselves financially unable to maintain their vessels, opting to turn in the vessel or simply letting the vessel become derelict and/or abandoned. Transient boaters frequently abandon vessels in Newport Harbor with the idea that the local agencies will remediate the blight. City of Newport Beach Harbor Department staff has extensive experience working with boaters as they request assistance turning in vessels. Due to the cost of hauling out and maintenance, some boaters resort to abandoning their vessels. In those cases, the City of Newport Beach takes action to relocate, investigate the case and ultimately destroy the vessel.

Objective 5: SNHAP

Per HNC 525, when evaluating an application DBW shall give greater weight to applicants who have an existing SNHAP.

15. Does your agency have a Submerged Navigational Hazard Abatement Plan (SNHAP)? Yes No

If Yes, attach copy.

16. Summarize the detailed process in your SNHAP for the abatement of non-vessel related navigational hazards and commercial vessels.

17. Identify the SNHAP's funding source for the control/abatement of **non-vessel related** water hazards, hazardous floating debris (such as logs), submerged objects and abandoned piers and pilings

17.20.040 - All stray, unattended or abandoned vessels, timber or any other personal property found in the water or on the shore of Newport Harbor or the Pacific Ocean not in the lawful possession or control of some person, shall be immediately reported to the Harbormaster. Any such vessel or property shall be dealt with as provided in the appropriate provisions of Chapter 1.20 and 17.70, or Section 510 et seq. of the California Harbor and Navigation Code, as the same now read or may hereafter be amended. For purposes of this section, any vessel on the Pacific Ocean shall be deemed to be stray, unattended and abandoned if the vessel is unoccupied by a person during:

No person shall place or allow abandoned vessels or boats, materials, garbage, refuse, debris, litter, timber or other waste matter of any description to remain on or upon the shorelines of the Pacific Ocean or on the shorelines of Newport Harbor within the City. The City may remove the same with or without notice, and the cost thereof may be recovered from any person owning the same, or placing or causing it to be placed on the shoreline.

17.70.030 - Impound of Vessels or Structures: The Harbormaster may authorized the impound of a vessel or structure located in or over the waters of Newport Harbor or the Pacific Ocean under any of the following circumstances:

- A. Unless otherwise permitted under this title, the vessel or structure is attached to a mooring that is not the vessel or structure identified on the mooring permit.
- B. An permitted vessel or structure is attached to a public mooring, dock, or slip.
- C. A vessel or structure is in violation of the anchorage or berthing requirements of this title.
- D. The vessel or structure is left unattended and is moored, docked, beached, or made fast to land in a position that obstructs the normal movement of traffic or in a condition that creates a hazard to other vessels using the waterway, to public safety, or to the property of another.
- E. The vessel or structure interferes with, or otherwise poses a danger to, navigation or to the public, health, safety, or welfare.
- F. The vessel or structure poses a threat to adjacent wetlands, levees, sensitive habitat, any protected wildlife species, or water quality.
- G. A vessel or structure is found or operated upon a waterway with a registration expiration date in excess of one year before the date on which it is found or operated on the waterway.
- H. The vessel or mooring permittee does not have proper insurance or owes a debt to the City.
- I. Federal or State law permits the City or any peace officer, lifeguard, or marine safety officer employed by the City to remove, and, if necessary, store a vessel removed from a public waterway. The City may charge or bring action in the courts of this state to recover any costs pursuant to impounding a vessel or structure.

Additionally, the City partners with a coalition of Orange County based environmental groups to further clean-up and identify non-vessel related hazards in Newport Harbor. Over 300 scuba divers and above-water volunteers on small vessels spend the day checking on problem areas in the

harbor and collecting trash, plastics, and other discarded water pollutants. Objects that are too difficult to retrieve during the day are marked and the appropriate professionals are brought in to assist in the retrieval of the object. Last year, over 5,000 pounds of non-vessel related debris was removed from Newport Harbor.

Funding for the removal of the marine debris is part of the Harbor Department's annual operating budget.

22. Identify the last three CLOSED SAVE grants awarded and the percentage of unspent funding that was left in each grant.

ONLY LIST CLOSED GRANTS

Closed SAVE grants year awarded	Amount Awarded	Percentage of funding left over
2020	175,000.00	16
2021	175,000.00	3
2022	0.00	0

23. Identify the number of personnel currently working in the program with more than two years' experience managing the SAVE program. 3
24. What process/method/practice have you implemented in the last 24 months to reduce the grant program's cost of removing and destroying abandoned or surrendered vessels? 3
- Harbor Code Enforcement officers are out on the water daily. Their duties include monitoring Newport Harbor as a whole, including private slips and anchorage areas. Our Harbor Department staff coordinate with the Harbor Code Enforcement officers to identify vessels that may be a potential or existing problem in the harbor. Through education and information is provided to vessel owners to promptly bring vessels into compliance or utilize the Vessel Turn in Program (VTIP). Owners may be issued a Notice of Violation if they fail to bring vessels into compliance within a specified timeframe. Vessels that are abandoned or have no identifiable owners are processed for the Abandoned AWF. Vessel condition is taken into consideration when prioritizing enforcement and the use of SAVE funds for destruction. Vessels at risk of sinking or represent other hazardous conditions are placed in priority status for the VTIP program.
25. Does your agency have additional funding sources (other than SAVE) for removal and disposal of abandoned vessels in the event you run out of grant funding or are not awarded the full grant request? Yes No
- If yes, list
26. Does your or a partner agency have vessel storage capabilities that can be used by your agency at no cost to SAVE? Yes No
27. Does your agency have access/ability to dispose of vessels at a local or neighboring landfill? Yes No
28. What is the number of abandoned vessels in your jurisdiction that will be ready for disposal during this grant period, if awarded? 10
- How were these vessels identified? 10
- Abandoned vessels in our harbor are impounded due to several code violations, vessel owners are unreachable after our staff have made several attempts to contact the them.
29. What is the number of surrendered vessels in your jurisdiction that will be ready for disposal during this grant period, if awarded? 30
- How were these vessels identified? 30
- Individuals contacted the City of Newport Beach through our staff providing education on the program, or through referral from neighboring agencies.
