Thank you Destinee,

I'll make sure this gets to the planning commissioners so your comment can be considered as they make their decision.

Sincerely,

Dear Planning Commission,

We are in support of the application by Wild Taco to serve a full line of alcohol as well as staying open an hour later. Wild Taco has proven it is very responsible as they have been selling beer and wine for nearly a decade without any major incidents and there is no reason to believe that the service of liquor will cause any issues. Staying open until 10pm is very reasonable as nearly all the restaurants on the peninsula are open later. The owners of the Wild Taco are Newport Beach natives and have a reputation for excellent food, great service, and responsible operations which has gained them loyal customers and considered one of Newport Beach's favorite restaurants. Noise has never been an issue at Wild Taco and closing by 10pm on weekends will ensure that their business will not disturb the neighbors. This establishment deserves the opportunity to extend its operation and should be allowed to offer alcohol.

We encourage you to vote yes on this application.

Best,

Destinee Canova

Mr. Noah Blom,

My name is John Klobe and I am writing this letter on behalf of Wild Taco. From 2013 to 2021 I lived across the alley from Wild Taco at 424 32nd Street suite C. During the time we shared an alleyway there were never any issues regarding pedestrian traffic or parking and we never heard any noise from the restaurant. In fact most of the time the alley was very quiet with little to no traffic at all. The owners of Wild Taco were always very friendly and would often let us use their parking if we needed. They were great neighbors to us and we felt lucky to have delicious food within arms reach. It is my opinion that the Carsons have demonstrated the level of responsibility needed to have a full liquor license and should be granted one per their request.

Best Regards,

John Klobe

[EXTERNAL EMAIL] DO NOT CLICK links or attachments unless you recognize the sender and know the content is safe.

Dear Planning Commission,

I was born and raised in Newport peninsula. Now being 37 years of age I am very familiar with the bars and restaurants in the area. If you have not been to Wild Taco, it is much different then just another bar in Newport Beach. Wild Taco is a great spot for locals to bring their families, relax in their out door dining or enjoy a game inside. It is not just another bar like Cassidys or Sharkys, where people go to just drink and take shots. Wild Taco is about the food and local camaraderie. Being able to enjoy a high end craft cocktail will only improve the overall experience. Approving Wild Taco liqueur license will only benefit the area and the experience of dining at Wild Taco. It is not going to turn it into another dive bar that is cluttered in Newport.

Thank you for your consideration.

Robert Palm

As a long time resident on the Balboa Peninsula we often visit Wild Taco and strongly recommend City Council approving their application for a full liquor license.
Wild Taco has added additional much needed prestige to the Cannery Village overall area and is a great asset to the entire community.
Please vote YES regarding this matter.

Dear Planning Commission,

We are in support of the application by Wild Taco to serve a full line of alcohol as well as staying open an hour later. Wild Taco has proven it is very responsible as they have been selling beer and wine for nearly a decade without any major incidents and there is no reason to believe that the service of liquor will cause any issues. Staying open until 10pm is very reasonable as nearly all the restaurants on the peninsula are open later. The owners of the Wild Taco are Newport Beach natives and have a reputation for excellent food, great service, and responsible operations which has gained them loyal customers and considered one of Newport Beach's favorite restaurants. Noise has never been an issue at Wild Taco and closing by 10pm on weekends will ensure that their business will not disturb the neighbors. This establishment deserves the opportunity to extend it operation and should be allowed to offer alcohol.

We encourage you to vote yes on this application.

-Jason Colladay

Dear NB City Council,

I am a Newport Beach Native, my parents and grandparents have been here since the 70s. They still reside on Balboa Island where I run the family business of managing long and short-term rental properties. I now reside in Newport Shores with my husband and 12 year old son. My family loves where we live and a large part of that is enjoying our local family run establishments. As a local small business owner myself, we take pride in supporting other local small businesses.

Wild Taco is one of those amazing family owned and run businesses, a restaurant that we visit often. Whether it be on our way home from Sailing or School, on a weekend bike ride with friends, or a dinner out, we thoroughly enjoy frequenting Wild Taco. We have been loyal customers since they opened their doors in 2008, as Bear Flag at the time. Cannery Village area would only benefit from this approval and the clientele of Wild Taco would be thrilled to have a family friendly restaurant to go to with great food, drinks, and service that is open till 10pm.

I am in strong support of Wild Taco's application for a full bar and an extra hour of operation in the evenings. We are a family on the go and sometimes we are looking for a place to grab a bit and a drink, which is hard, as our community doesn't offer many family friendly options that are open past 9pm.

Please vote YES on this Application. Thank you for your time!

Sincerely,

Nikki Martin Holthe

Dear planning commission,

My name is Ryan and I have been a patron of the Wild Taco since the day it opened. My experience at this restaurant has been nothing but positive. Everyone who works there from the top down has been nothing but courteous and professional to me and my family.

Having lived in Costa Mesa for over a decade there are few places we can go to get a good meal with adult options that also lends a family friendly environment. Overlooking the opportunity to help this company and local staple grow would be, in my opinion, a considerable mistake and send the wrong message to any likeminded investors looking to move into the city as well as any existing restaurants looking for a successful example to model themselves after.

My family and I encourage you to approve this current application as a display of confidence in the responsible business practices of the Wild Taco and other burgeoning outfits that make this city better everyday.

Thank you for your time,

Ryan Williams

To Whom it May Concern,

I am writing on behalf of the ownership, management, and patrons of our neighborhood, family-owned and operated, establishment know as Wild Taco. A local, casual dining restaurant but also - especially during our challenging and fragmented times - a gathering place for families and community. During the past year - throughout the difficulties of the Pandemic - Wild Taco, it's ownership and it's intrepid management and staff have continued to provide for our local, close-knit community here on the peninsula as well as he greater Newport community.

As a member of this community, local business owner, father of four children who have and are growing up in this community, I am grateful for the continuity and solidarity that is the represented and embodied by the ownership and management of Wild Taco; a community meeting place and family establishment. As such, when I heard that Wild Taco's management sought to expand its ability to contribute to our local community by enhancing its revenue base and scope of offerings to patrons by seeking approval for the responsible stewardship of a "full liquor license", I felt it incumbent to express my support for their efforts.

Notwithstanding, any colloquially negative connotations typically associated with an establishment seeking such a license, I could not be more vehement in dissuading this body from associating Wild Taco with such. Over the years, my four daughters, my wife and I have frequented Wild Taco on an weekly, if not more regular basis, for both dining and as a location to host birthday parties, family gatherings, and business events. During such interactions we have found management to exhibit

responsible and prudent judgment as well as great consideration for the neighborhood that which they occupied and contribute. It is my, and my family's, firm and ardent belief that any extension or expansion of their existing service permit would only be met with the same level of responsibility and restraint exhibited to date. An expansion that will only reward an establishment that has successfully endured the trials of a pandemic with an additional avenue to capture revenue. Revenue that serves to support and further elevate our local community: with jobs, with tax revenue, and with a strong and enduring establishment that allows for the families within our community to congregate and bond in a safe and healthy environment.

I regret that I am unable to address this body in-person on behalf of Wild Taco at its live assemblage however, I am currently traveling on business and unable to be present. Notwithstanding, I am pleased to elaborate upon my comments and address any specific concerns of this body's members, if so needed, by way of my contact information provided herein.

Thank you and it is my sincere hope that business, like Wild Taco, continue to receive the support needed from our elected local government that we, your constituents, enthusiastically hold dear.

Respectfully submitted,

Dear Newport Beach City Council,

My husband Tony and I have lived in Newport Beach for over 40 years and we have lived next door to Thos and Erika Carson for over 10 years. They have been wonderful neighbors and have a beautiful family. We also have frequented their restaurants including Wild Taco. Thos and Erika have always been responsible and involved community members. We strongly support them in their quest to obtain a liquor license from the city. Their businesses have been very successful and bring a level of quality to our restaurant community.

Warmly,

Tony and Kathy Shaw
