

717 Lido Park Drive

City of Newport Beach
Harbor Commission Meeting
January 12, 2022

Introduction

- Proposed project includes replacement of the south portion of the original marina with two extensions located on the east and west sections of the original docks.
- Includes minor adjustments to the 46-slip marina's original slip mix, including a reduction in slip size and number of slips, as well as a reduction in overwater coverage.
- Proposed project would not extend bayward beyond the adjacent floats.
