To: Planning Commission Members

Please stop allowing buildings which deviate from established planning rules and guidelines set up to protect the residents of Newport from oversized structures which either block their already established views and/or degrade the balance, symmetry and beauty of Newport Beach neighborhoods and commercial districts.

Thank you, Lynn Lorenz

Planning Commissioners,

Please be more aware of our community of homes and do not let mansionization take over! Curb appeal should be considered and harmony within a block should be of utmost importance! We are starting to look like a jumble!
