Ms. Carol Jacobs
Assistant City Manager
City of Newport Beach

My wife and I have been blessed to live on the bay front at 2464 Bayshores Dr., Newport Beach since 1989 and, currently, keep a harbor-cruising Duffy in front of our house.

We are concerned that the Approval in Concept of Harbor Permit Number 1502-2018, under consideration this evening and involving a portion of the marina space in our Bayshores neighborhood, will set a Newport Harbor precedent leading to the eventual removal of smaller-vessel marinas and their replacement with larger, ocean-going vessels.

It has not been the city's practice to allow the docking of large vessels in front of people's homes, unless the home-owner owns the vessel in question. We are fearful that we may soon lose the beautiful view of the harbor that we have enjoyed for nearly 30 years.

Please do not let an undesirable precedent be set in our beautiful Newport Harbor!

Marge and Jeff Lewis
