Subject: Topics for discussion at next meeting

Hi my name is Gary Belt and my wife and I live in Newport Shores. I have two questions that I'm not sure who to address them to but maybe someone could answer; 1. Does the City Emergency Council plan to use radio ham operators for communications during a disaster? Other communities do i.e. Laguna Niquel... 2. Are parking permits being considered for the Newport Shores area even if for the summer months only?

Thanks in advance for your response.
