REFORESTATION REQUESTS: Please proceed to Section B.

Section A. For Tree Removal Requests Only

Removal Criteria (Check one or more)

Please provide copies of photos, bills, documents or any other related material that will verify the checked items.

- Proven and repeated history of **damaging** public or *private, sewers, water mains, roadways, sidewalks, curbs, walls, fences, underground utilities or foundations. (*Greater than \$500)
- Repeated history of significant interference** with street or sidewalk drainage.
- Dying** Has no prospect of recovery.
- Diseased** Cannot be cured by current arboricultural methods. In advanced state of decline with no prospect of recovery.
- Hazardous** Defective, potential to fail, could cause damage to persons/property upon failure. Assessment by City Arborist will identify structural defects, parts likely to fail, targets-if fails, procedures and actions to abate.
- Beautification Project** In conjunction with a City Council-approved City, commercial, neighborhood, or community association beautification program.

Section B. For Reforestation Requests Only

Reforestation is the concept of systematically replacing Problem or All Other Trees which are creating hardscape and/or view problems and cannot be properly trimmed, pruned or modified to alleviate the problem(s) they create, or those which have reached their full life, and are declining in health, or are simply the wrong species of tree(s) for the planted location.

As initiated by:

- Property Owner
- Community Association
- Other _____

Check all items applicable:

- Tree(s) causing curb, gutter, sidewalk or underground utilities damage.
- Wrong tree species for location
- View encroachment
- Area has clearly defined contiguous boundaries that include the tree(s) proposed.
- Residential communities, neighborhoods, or business organizations who apply for reforestation must submit a petition signed by a minimum of 60% of the property owners within the area defined.
- Areas represented by a legally established community association, may submit a resolution of the Board of Directors formally requesting a reforestation.
- Individual property owners must submit a petition signed by a minimum of 60% of a maximum of 30 private property owners (up to 15 contiguous private properties on both sides of the street up to 500' in either direction from the location of the proposed reforestation site) as well as the endorsement of the appropriate homeowners' association, if applicable.

*A request for reforestation requires a written agreement submitted to the Parks, Beaches, and Recreation Commission by the petitioning sponsor (Individual private property owner(s) or group) to pay 100% of the costs of the removal and replacement of the public tree(s) in advance of any removal activity. The actual removal and replanting will be coordinated by the Municipal Operations Department using the City tree maintenance contractor.

*There shall be a minimum of a one-for-one replacement of all tree(s) removed in reforestation projects. Replacement tree(s) shall be a minimum size of 36" boxed tree and cost ranges from \$706 to \$910, unless the parkway space will not accommodate a 36" boxed tree or a tree cannot be planted due to planting restrictions contained in City Council Policy G-6.

This form does not replace the requirements of any of the City tree policies. Its use is intended to expedite the tree removal or reforestation requests and to ensure compliance with all City requirements. Please refer to individual City Council Policy G-1 for additional information.

REQUESTOR COMMENTS: The tree adjacent to my property spews large quantities of tar-like resin that prevent people from parking their vehicles near the tree, which is very close to the house's driveway. The resin is extremely sticky and can cause damage to personal property (e.g. ruining car paint)

Removals, except emergency, will be subject to the notification processes, time frames and authority as specified in the City Council G-1 Policy.
