Having served on the PB&R Commission and the GPAC, I understand the importance of community input and involvement. I enjoy being an active resident of my community. The Newport Beach harbor is certainly one of the most important components of the City and provides the community a valuable and beautiful recreational resource. The continuity of this resource needs to be protected for future generations. I would consider myself a viable candidate for this commission because of my past work on PB&R, GPAC, and other volunteer organizations I have served. As a practicing civil engineer, I understand problems and how to arrive at logical solutions. I also am involved with water quality and understand runoff concerns. I have no conflict of interest because I do not live on the harbor, or own a boat on the harbor, and my business is not involved in related activities or decisions. As such, I can remain an interested neutral party seeking to find the best solutions for the harbor users. I enjoy the harbor in a variety of ways including kayaking, SUP, attending the Christmas boat parade, and the beauty. I would enjoy the opportunity to become involved in the decision making for the harbor.

I certify that all statements made on this application are true and correct to the best of my knowledge. I have read and understand the duties and responsibilities of the particular position(s) that I am applying for and authorize the release of this information on the internet.

Thank you for the opportunity to submit this application for the open Harbor Commission position. I am very interested in getting more involved within our community and have a strong affection for our harbor in Newport Beach. I am a long-term boat owner with a slip in Newport and have lived in Newport Beach for over 20 years. I believe that our city owns and operates the most beautiful harbor on the West Coast, and I would fully commit myself to serving the needs of all constituents within our community. I have gained significant experience through my business career, from starting my company and helping it grow over thirty years. Additionally, I have served on multiple philanthropic and for-profit boards and assisted these entities in managing their organizations with a focus on long term planning and organizational development. Utilizing my background, I would bring a commitment to understand the needs of our community that the Commission is responsible for and bring a reasonable voice from a long-term resident and boater who understands the value of our Harbor.

Summarize why you wish to serve the City of Newport Beach on a board, commission or committee. Include any special qualifications you have which are particularly appropriate to the position for which you are applying.

The Concerns of the Harbor Commission are my concerns, having lived on Promontory Bay since 1981. I'm a 40-year resident of Newport Beach and a boat owner. I am dedicated to ensuring the long-term welfare of our harbor as a 'hub' for recreational activities and commercial use for both residential and visitors. I have studied the plans and want to contribute to solutions related to harbor dredging, RGP54 permit process, and maintaining a marine-based economy around our harbor. I've attended over a dozen Harbor Commission meetings, have studied the Tidelands and Harbor and Beaches Capital plans, the H Policies of the Council Policy Manual, the Harbor Commission's 2017-2018 Objectives-Featured Areas, the Newport Harbor Economic Impact Study (2016), the Harbor Operations, the interaction with the City Council, Staff, and Commissioners, and reviewed the minutes of the harbor commission meetings. I would be honored to serve on the Harbor Commission.
