Re: Glidewell Residence Application
Public Hearing June 13, 2019 at 3:00 pm

Our residence, which we completed in 1967, adjoins the Glidewell residence to the east. We are pleased to advise that we strongly support whatever additions the Glidewell's plan as they have considerably added beauty and attractiveness to their residence since their acquisition, and it has enhanced the enjoyment and value to all residences on Mesa Drive.

We urge the approval of their application as soon as possible. If you have any questions please advise.

Harry S. Rinker
