Fong Residence - A coastal development permit to demolish an existing single-family residence and construct a new 3,244-square-foot, single-family residence including an attached 469-square-foot, two-car garage. The structure would reach a height of approximately 24 feet and includes two-stories. The existing bulkhead is generally in good condition and will remain in place with minor alterations. The project also includes additional appurtenances such as site walls, fences, patios, landscaping, and drainage devices. The design complies with all development standards including height, setbacks, and floor area limit, and no deviations are requested

All interested parties may appear and present testimony in regard to this application. If you challenge this project in court, you may be limited to raising only those issues you raised at the public hearing or in written correspondence delivered to the City, at, or prior to, the public hearing. The application may be continued to a specific future meeting date, and if such an action occurs, additional public notice of the continuance will not be provided. Administrative procedures for appeals are provided in the Newport Beach Municipal Code Chapter 21.64. A fee is not required to appeal any final action on a coastal development permit to the Planning Commission. The project site is located within the appeal area of the coastal zone; therefore, final action by the City may be appealed to the California Coastal Commission.
