DEAN RESIDENCE (PA2017-167)

Site Location: 16 Bay Island

Summary:

A coastal development permit to allow the construction of a new 4,379-square-foot, single-family residence and adjust the off-street parking requirements with a parking management plan. In addition, the applicant requests to increase the allowed building height to 28 feet for flat roofs and 33 feet for sloped roofs pursuant to the provisions of Use Permit No. UP3618. The design includes hardscape, drainage facilities, and approximately 194 square feet of landscaping. With approval of the height allowance, the project complies with all applicable development standards.

Recommended Action:

1. Conduct a public hearing;
2. Find this project exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15303 (New Construction or Conversion of Small Structures) of the CEQA Guidelines, because it has no potential to have a significant effect on the environment; and
3. Adopt Resolution No. PC2018-024 approving Coastal Development Permit No. CD2018-054, including an adjustment to off-street parking requirements, and allow for an increased height limit.
