Summary:

Amendments to Title 20 (Zoning Code) and Title 21 (Local Coastal Program Implementation Plan) of the Newport Beach Municipal Code (NBMC) revising development standards applicable to single- and two-unit residential development. This item was continued from the May 7, 2020, Planning Commission hearing. Specifically, the proposed amendments would reduce bulk and mass associated with future residential development as follows:

Revisions to Third Floor Standards

- Third floor step backs would apply to covered deck areas (currently applies only to enclosed floor area).
- Third floor side step backs would apply to lots 30 feet wide or greater (currently applies to lots wider than 30 feet).
- Maximum covered third floor area (enclosed or unenclosed) limited to 50 percent of buildable area. Uncovered deck area would remain unrestricted.
- Third floor step back standards (front and rear) would apply to 25-foot wide or less lots zoned R-2 (currently exempt).
- Third floor step back standards (front, rear, and sides) would apply to single- and two-unit dwellings in Multiple Residential (RM) zone (currently exempt).

Clarification of Gross Floor Area

- *Unfinished* attics with a ceiling height of 6 feet or higher would count as floor area (currently only finished attics count).
- Covered patios, decks, and balconies above the first floor would count as floor area unless completely open on at least two sides, rather than one side.
- Carports only open on one side would count as floor area.

Single-Unit and Two-Unit Dwellings in the R-BI Zone

Third floor and open volume standards applicable to R-1 and R-2 zones would now apply to single- and two-unit dwellings in Two-Unit Residential, Balboa Island (R-BI) zone.
